

» Scaffolder (Basic Scaffolding) Training Course

Available Courses

- Safe Mobile Crane Operation Assessment Course.
- Safe Overhead Crane Operation Assessment Course.
- Safe Tower Crane Operation Assessment Course.
- Safe Forklift Operation Assessment Course.
- Safe Scissor Lift Operation Assessment Course.
- Safe Boom Lift Operation Assessment Course.
- Safe Earth moving Equipment Operation Assessment Course.
- Safe Rigging & Slings Assessment Course.
- Safe Scaffolders Assessment Course.
- Safe Confined Space Entry, Emergency and Rescue.
- Safe Cradle Operation Assessment Course.

OBJECTIVE:

This course is designed for construction site and industrial yards operatives who utilize different types of scaffolding structures in infrastructure establishment, and mechanical activities.

The course will be useful for participants as it enables Construction employers to fulfil the training obligations under current Kingdom of Bahrain, Ministry of Labour safety training requirements.

PARTICIPANTS:

Maximum Number of Attendees 8 per Session.

COURSE VENUE:

Courses will be conducted at the client's construction sites but can be conducted at other locations if requested.

COURSE DURATION

This course consists of three sections as follows:

- 1) Section-1 (Basic Scaffolding Introduction)
- 2) Section-2 (Different types of Scaffolding Techniques)
- 3) Section-3 (Practical Training & Assessment)

PRE-REQUISITES

Familiarity with Scaffolding Erection & Dismantling techniques; that are extensively used at construction sites / industrial yards & Oil & Gas Sector.

Scaffolder (Basic Scaffolding) Training Course

Available Courses

- Safe Mobile Crane Operation Assessment Course.
- Safe Overhead Crane Operation Assessment Course.
- Safe Tower Crane Operation Assessment Course.
- Safe Forklift Operation Assessment Course.
- Safe Scissor Lift Operation Assessment Course.
- Safe Boom Lift Operation Assessment Course.
- Safe Earth moving Equipment Operation Assessment Course.
- Safe Rigging & Slings Assessment Course.
- Safe Scaffolders Assessment Course.
- Safe Confined Space Entry, Emergency and Rescue.
- Safe Cradle Operation Assessment Course.

BENEFITS OF COURSE

At the conclusion of this course participants would have been provided with:

- An understanding of the different types of Scaffoldings
- A knowledge of general Usage;
- An understanding of various inspection techniques;
- Correct assembly;
- Understanding the stacking methods
- An understanding of work at height;
- An understanding of correct use of PPEs; i.e. Safety harness, Lanyard, Lifeline, Fall Arrestors.
- Drops object hazards;
- Joints, pins, ladders, ties, tubes types;
- Tackle Management and methods of knots & hitches;
- Raising and lowering of materials;
- Manual handling techniques,
- Ability to Loading / Unloading;
- Judgement of height and distance;
- Knowledge of current legislation;
- Aptitude and learning ability;
- General attitude;
- Performance during assessment

The course has been produced to British & American Standards reflecting construction industry best practice.

Scaffolder (Basic Scaffolding) Training Course

Available Courses

- Safe Mobile Crane Operation Assessment Course.
- Safe Overhead Crane Operation Assessment Course.
- Safe Tower Crane Operation Assessment Course.
- Safe Forklift Operation Assessment Course.
- Safe Scissor Lift Operation Assessment Course.
- Safe Boom Lift Operation Assessment Course.
- Safe Earth moving Equipment Operation Assessment Course.
- Safe Rigging & Slings Assessment Course.
- Safe Scaffolders Assessment Course.
- Safe Confined Space Entry, Emergency and Rescue.
- Safe Cradle Operation Assessment Course.

SECTION-1

- Course introduction
- General (definitions)
- Basic scaffolding requirements
- Safe use of PPEs
- Work at height
- Materials
- Scaffold foundation
- Ties
- Working platform
- Ladders

SECTION-2

- Mobile scaffold
- System scaffold
- Manual handling
- Ropes, knots & hitches
- Raising & lowering materials
- Organization & working methods
- Obstacles & hazards
- Protective fans
- Final stage
- Video illustration

COURSE ASSESSMENT

Assessment for this course will consist of participants' site assessment on the specific scaffold and written exam (if applicable).
